IPA-Seminars 2012

Dear Sirs,

I am pleased being able to inform you that the next year's plan of IPA-Seminars is published. Due to the different security rules implemented by some providers and authorities I do not attach the plan but refer to our internet site

<http://web.ibz-gimborn.de/homegb.htm>

where you find the list of all IPA-Seminars 2012 and the application forms in different formats. You may even download the files you are interested in. There is also a link to a page where you can check if places are available for the respective seminar you might be interested in.

All our conferences are organised in close co-operation with the International Police Association, the International Board and/or the respective National Sections. We hope you find the seminars on offer interesting for yourself as well as for your IPA friends. May I kindly ask you to bring our programme to the notice of as many IPA-Members and police officers.

After more than 30 years Klaus-Ulrich Nieder has left Gimborn Castle at the end of September and took over a new post as director of a national association of European educational institutions. You may contact him at his new eMail address [nieder@gesellschaft-der-europaeischen-akademien.de](mailto:nieder@gesellschaft-der-europaeischen-akademien.de).

In case you do not want any messages from us any more, please let us know.  
Kindest regards

Gabriele Bischoff  
Director
